Independent Accountant's Report

We have reviewed the accompanying schedule of total scope 1, scope 2 and corporate business travel scope 3 greenhouse gas emissions for the year ended December 31, 2011 that AT&T Inc. calculated for the AT&T 2011 Sustainability Report. AT&T Inc.'s management is responsible for the schedule of total scope 1, scope 2 and corporate business travel scope 3 greenhouse gas emissions.

Our review was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on AT&T Inc.'s schedule of total scope 1, scope 2 and corporate business travel scope 3 greenhouse gas emissions. Accordingly, we do not express such an opinion.

Environmental and energy use data are subject to inherent limitations, given the nature and the methods used for determining such data. The selection of different but acceptable measurement techniques can result in materially different measurements. The precision of different measurement techniques may also vary.

Based on our review, nothing came to our attention that caused us to believe that the schedule of total scope 1, scope 2 and corporate business travel scope 3 greenhouse gas emissions of AT&T Inc. for the year ended December 31, 2011 is not presented, in all material respects, in conformity with the criteria described in footnote 1¹.

1206-1367420

¹ This criteria comprised the Greenhouse Gas Protocol, A Corporate Accounting and Reporting Standard Revised Edition, by the World Resources Institute (WRI) and the World Business Council for Sustainable Development (WBCSD). For calculations specific to US based activities the guidance outlined by the US Environmental Protection Agency Climate Leaders program was also applied.

AT&T Inc.

Schedule of Total Scope 1, Scope 2 and Corporate Business Travel Scope 3 Greenhouse Gas Emissions

For the Year Ended December 31, 2011 *Amounts in Metric Tonnes CO*₂*e*

	2011
Scope 1	1,007,201
Scope 2	8,071,070
Scope 3 – Corporate Business Travel	66,377
Total	9,144,648

The above amounts represent the Scope 1, Scope 2 and corporate business travel scope 3 greenhouse gas emissions (in metric tonnes CO₂e) of AT&T Inc. (the Company) for the year ended December 31, 2011 included within the Company's 2011 Sustainability Report.

These amounts have been prepared based on the criteria provided by the Greenhouse Gas Protocol, A Corporate Accounting and Reporting Standard Revised Edition, published by the World Resources Institute (WRI) and the World Business Council for Sustainable Development (WBCSD). For calculations specific to US based activities the guidance outlined by the US Environmental Protection Agency Climate Leaders program was also applied. The use of different criteria may result in different measurements.
