

## Customize your Digital Life service with Automation Packages that meet your needs.

### Get the full Digital Life experience.

How many times have you left the house only to wonder if the thermostat is off, the doors are locked or if the lights are on?

Let Digital Life<sup>SM</sup> do the worrying for you. Automate your home with these additional solutions. Ask us about the Video Package, Door Package, Energy Package and Water Package today.

 **Video Package**  
See what's going on with indoor and outdoor cameras.

 **Door Package**  
Let someone in your home when you're not there, or check to see if you closed your garage door.

 **Energy Package**  
Control outlets and appliances using your smartphone, tablet or PC.

 **Water Package**  
Catch costly water damage before it becomes a problem.

### Get instant alerts and notifications.

Stay aware of what's happening at home with the Smart Security package. You'll receive text or email notifications when sensors are triggered. You can even program your connected devices to perform scheduled tasks and activities.

*Be at home wherever life takes you.*

### Key features at a glance:

- Fully customizable to fit your life
- Access from any smartphone, tablet or PC
- Create programs based on daily routines
