*53% of organizations  
use mobile applications  
for field service.<sup>1</sup>*

**55%**

of organizations are considering  
new mobile investments or  
upgrades in the next 12 months.<sup>2</sup>

“AT&T's approach to PTT focuses on the critical new business requirement to mobilize employees. The Enhanced PTT service not only delivers high-performance voice communications, but is also expected in the future to leverage the employer's own mobile apps and all the network based apps the employee needs to truly improve workers productivity on the job.”

– Sue Rudd, Director, Service Provider Analysis, Strategy Analytics
