Take care of business.

LG Quantum™ – from AT&T

You're in charge.

Direct your work and multimedia experience in this touch screen, slider phone – the only AT&T Windows® Phone 7 with a dedicated full QWERTY keyboard, built with work in mind. Fly through emails and work with Microsoft® Office documents easily. The LG Quantum gives you the productivity of Office® Mobile and Bing™ plus the fun of Xbox LIVE® and Zune®.

Designed for business and life in motion.

The LG Quantum is about you, things you like to do, things you have to do, and relationships with your circle of friends, family and business contacts. It's a phone that enables you to do things in fewer steps so you have more time.

Work your way.

The LG Quantum was built for both business and balance.

- Download what you need quickly with integrated Wi-Fi®, giving you access to unlimited usage on AT&T's entire national Wi-Fi network* and the nation's fastest mobile broadband service.**
- Choose between the slide-away QWERTY keyboard and the full touch screen.
- Capture the moment with the 5 MP camera.

Less clutter. More clarity.

Email:

Windows Phone 7 gives you the only phones with Outlook® Mobile so you can sort, scan and manage your work and personal email.

Now it's easier to stay on top of your inbox. You can quickly cut through the clutter to see only unread, urgent, or flagged messages or press Search to pinpoint a specific mail. Move or delete messages in bulk, and respond to meeting invites right from your inbox with Outlook Mobile. Streamlined account setup works with Windows Live®, Google™, Yahoo!®, and other popular providers. It also supports multiple Microsoft Exchange accounts for work.

Calendar:

All your work and personal appointments in a single view.

The LG Quantum shows the details of your next meeting or event right on the Start screen – so you can glance and go. It also combines your work and personal calendars in a single, color-coded view, making it easier to spot conflicts and manage your life. You can map appointment locations with a single tap, and if you get stuck in traffic, the LG Quantum has your back: one touch sends a pre-written "I'm running late" email.

LG Quantum

Work fast with a dedicated full QWERTY keyboard.

Excel in all of your worlds.

Windows Phone 7 gives you five Hubs to watch, work, play and catch up with what's important to you.

Office Hub.

- Easily synchronize your documents over the air between your phone and PC.
- Enhanced Office application experience on a mobile phone with seamless access to Microsoft Word, Excel®, PowerPoint®, and OneNote® documents from your email or your SharePoint® server while away from the office.

People Hub.

- Receive updates instantly to stay in touch with the people you care about most, from calling and texting to social networking, e.g., LinkedIn®.†
- Share your own status quickly and easily.

Music + Videos Hub.

- Easily find, access and download your favorite music, radio, TV and videos while on the go. Manage your music easily with Zune PC software.

Pictures Hub.

- Effortlessly share, organize, caption and post photos all from one place.

Games Hub.

- Play Xbox LIVE® with another Windows Phone or personal computer (but not Xbox consoles).††
- Use your avatar and gamer profile to track scores and wins. Purchase and download new games and apps easily from the Windows Marketplace.

* Wi-Fi enabled device and qualifying data plan required. Other restrictions apply. See attwifi.com for details and locations.

** Mobile broadband not available in all areas.

† LinkedIn requires a subscription to Microsoft Windows Live, at no additional charge.

†† Xbox LIVE requires a separate subscription.

Rethink Possible

¹ AT&T Navigator, AT&T FamilyMap, AT&T Radio – a separate subscription is required. AT&T U-verse Mobile – Pay-per-month download and watch capability available for select shows and requires select smart phones, Wi-Fi connection, and monthly subscription fee. Downloaded shows are available for viewing for limited time periods. Standard data charges may apply.

IMPORTANT INFORMATION: Limited-time offer. Coverage not available in all areas. Device subject to availability. This device is sold for use on AT&T's wireless systems. It may not be compatible with other wireless systems. Network speed is no indication of the speed at which your device sends or receives data. Actual speeds depend on distance from cell site, network availability and traffic, device, applications, tasks, file size and other factors. Specifications subject to change. Up to \$36 activation fee applies. Certain benefits and service features may require you to purchase additional hardware and/or software, obtain a network connection and/or pay monthly access and/or per use charges. Subscriber must live and have a mailing address within AT&T's wireless owned network coverage area. Availability, speed of delivery and timeliness of information is not guaranteed. Terms of service will vary based on selected service plans. Other conditions and restrictions apply. See business/service agreement, rate plan brochures, terms of service, and coverage map(s) for details. Price and availability may vary by market and may not be available from independent retailers. **Early Termination Fee:** None if cancelled in the first 30 days, but up to \$35 restocking fee may apply to returns; thereafter up to \$325. Some agents impose additional fees. **Data Plan Requirement:** Smartphones require a DataPlus (200MB) or DataPro (2GB) plan. If you exceed your initial data allowance, you will automatically be charged an additional \$10 for each additional 1GB provided on DataPro or an additional \$15 for each additional 200MB provided on DataPlus. All data allowances, including overages, must be used in the billing period in which the allowance is provided or they will be forfeited. Access to corporate email, company intranet sites and business applications requires a DataPro Enterprise Plan. For more details on Data Plans, go to att.com/dataplans. Certain information, applications, and other content is provided by independently owned and operated providers, who are subject to change at anytime. Third party providers may impose additional charges.
