

COMING SOON!

The classic BlackBerry – supercharged.

BlackBerry® Curve™ 3G smartphone

The new BlackBerry Curve 3G smartphone from AT&T is powerful yet affordable. This BlackBerry classic now gives you 3G speed and everything you expect from the popular BlackBerry Curve family, with a QWERTY keyboard, work and personal email, powerful personal management capabilities and much more.

A superior connection.

- **Be at the forefront.** With simultaneous voice and data when using the 3G or Wi-Fi network, you can check the facts on email or the web while talking on the phone with clients or colleagues.
- **Speed with flexibility.** The BlackBerry Curve 3G smartphone allows you to quickly download and upload content and surf the web faster on the nation's fastest broadband mobile network.* And with built-in Wi-Fi® (802.11 b/g/n), access the information and download the large files you need at Wi-Fi speeds.
- **Automatically unlimited.** The new BlackBerry Curve 3G smartphone automatically connects to AT&T Wi-Fi Hot Spots in the U.S.** for unlimited usage on the AT&T Wi-Fi national network with your BlackBerry® data plan.
- **Stay connected across the globe with the best coverage worldwide** offering the most wireless phones that work in the most countries.† Take advantage of voice roaming in over 220 countries and data access in over 200 countries including Japan and South Korea.

Built to deliver.

- **Style and performance.** The BlackBerry Curve 3G smartphone continues the BlackBerry tradition of attractive and super functional design, including a full QWERTY keyboard, touch-sensitive trackpad and use of soft touch materials.
- **Easy navigation.** The BlackBerry Curve 3G smartphone's built-in aGPS and AT&T Navigator™ give you turn-by-turn directions, real-time traffic data, one-click re-routing, color maps and more.‡

BlackBerry Curve 3G smartphone

The first 3G Curve
from AT&T.

- **Work with speed and confidence.** The BlackBerry Curve 3G smartphone has a powerful 624 MHz processor, 256 MB flash memory/256 MB SDRAM and an included 2 GB microSD™ card for storage, expandable up to 32 GB.
- **Focused applications.** Keep up-to-date and informed of your work and life – explore BlackBerry® App World™ and pre-loaded applications including LinkedIn™, My-Cast® Weather, Bloomberg® Mobile, AllSport GPS™, WHERE®, City ID®, Facebook®, MySpace™, Twitter™ and more.
- **Capture the moment.** The 2.0 MP, fixed-focus camera includes 5x digital zoom and geotagging.
- **Downtime entertainment.** Dedicated keys make it simple to enjoy music and video on the go.
- **Packed with power.** The BlackBerry Curve 3G smartphone has an approximate talk time of up to 5.5 hours, 14.5 days of standby time and 29 hours of music playback.

Rethink Possible

Rethink Possible

* 3G/Mobile Broadband not available in all areas.

** Wi-Fi enabled device required. Other restrictions apply. See attwifi.com for details and locations.

† AT&T Navigator sold separately.

IMPORTANT INFORMATION: Coverage not available in all areas. Other conditions and restrictions apply. See business/service agreement, rate plan brochure(s), and coverage map(s) for details. Equipment price & availability may vary by market and may not be available from independent retailers. Up to \$36 activation fee applies. **Data Plan Requirements:** BlackBerry requires (i) for IRU a DataPlus with MSC of \$15 or higher; (ii) for CRU a Data Pro Personal Plan with MSC of \$25 or higher; or a Data Pro Enterprise plan with MSC of \$40 or higher. On DataPro/DataPlus plans for BlackBerry, if you exceed your initial data allowance, you will automatically be charged an additional \$10 for each additional 1GB provided on DataPro or an additional \$15 for each additional 200MB provided on DataPlus. All data allowances, including overages, must be used in the billing period in which the allowance is provided. Access to corporate email, company intranet sites and business applications requires a Data Pro Enterprise Plan. If it is determined that you are using without a Smartphone Data Plan, AT&T reserves the right to add a Smartphone Data Plan to the account and bill the appropriate monthly fee. For more details on Data Plans, go to att.com/dataplans. Certain benefits and service features may require you to purchase additional hardware and/or software, obtain a network connection and/or pay monthly access and/or per use charges. Subscriber must live and have a mailing address within AT&T's wireless owned network coverage area. Availability, speed of delivery and timeliness of information is not guaranteed. Terms of service will vary based on selected service plans. Specifications subject to change. **Early Termination Fee:** None if cancelled in the first 30 days, but up to \$35 restocking fee may apply to returns; thereafter up to \$325. Some agents impose additional fees. **Unlimited voice services:** Unlimited voice services are provided primarily for live dialog between two individuals. No additional discounts are available with unlimited plan. **Offnet Usage:** If your minutes of use (including unlimited services) on other carriers' networks ("offnet usage") during any two consecutive months or your data use during any month exceeds your offnet usage allowance, AT&T may at its option terminate your service, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 750 minutes or 40% of the Anytime minutes included with your plan (data offnet usage allowance is the lesser of 24 MB or 20% of the MBs included with your plan).
