

Global Premier. Only from AT&T.

BlackBerry® Torch™ smartphone

No compromises—the next-generation BlackBerry.

Introducing BlackBerry® Torch™ 9800 smartphone with the latest BlackBerry 6 OS, a new intuitive user experience, and rich PC-like Web browsing. The BlackBerry Torch smartphone's unique design that features a hi-res touch screen, full QWERTY keyboard and optical trackpad. The reliability and productivity you expect from BlackBerry—flexibility without compromise.

Easy to use.

The intuitive new BlackBerry 6 OS includes a rich graphical interface and new touch menus for quick access to your next action or needed application. And added features like Universal Search, group messaging for collaboration and simplified setup bring a whole new suite of full-featured functionality to the BlackBerry Torch smartphone.

Rich PC-like Web browsing.

The BlackBerry Torch smartphone is the first BlackBerry to offer a full-fidelity, desktop-like browsing experience. You can navigate quickly through full-page views, multitask with tabbed browsing, and see the details with Pinch to Zoom. It's fast, simple and the experience you deserve.

Stay ahead and connected.

Next-generation messaging gives you an integrated view of all your email, text and visual messages. And now you can share embedded documents, maps, images or even video within your messages—like never before. Keep track of all your appointments and collaborate with your colleagues or clients while on the go.

Flexibility built in.

With AT&T's 3G network and unlimited usage on AT&T's entire national Wi-Fi network*, you have options for how and where you access important documents, read email or browse the Web—all while on a call.

Complete solution for your business needs.

A robust processor and 512MB of flash memory drive your business with productive applications—including sales force automation, CRM and other line-of-business applications. Power is also there for the mobile professional; Microsoft® Excel™, Powerpoint™ and Word become true working tools with the brilliant 3.2" screen.

BlackBerry Torch.

Multimedia powerhouse.

Experience rich media like never before with the improved Multimedia Player and 8GB on-board memory** (expandable to 36GB for an additional charge), and capture the moment with the 5MP camera—the best yet from BlackBerry.

Leverage your investment.

With its rock-solid performance, the BlackBerry Torch smartphone is a great way to extend the investment you've already made into your company's BlackBerry solution. Industry-leading enterprise level security, best-in-class push email and access to corporate data combine to empower your employees and drive productivity.

Rethink Possible 

*Access to AT&T's Basic Wi-Fi service requires qualifying data plan. Wi-Fi enabled device required. Other restrictions apply. See attwifi.com for details and locations.

**8GB on board memory—specifically equipment includes 4GB internal storage capacity, and external 4GB microSD card.

Rethink Possible

†Navigator sold separately.

IMPORTANT INFORMATION: Limited time offer. Coverage, including 3G, not available in all areas. Some restrictions apply. See contract and rate plan brochure for details. Subscriber must live and have a mailing address within AT&T's owned wireless network coverage area. Up to \$36 activation fee applies. Equipment price and availability may vary by market and may not be available from independent retailers. Some features may require a minimum version of BlackBerry device software, BlackBerry Enterprise Server or BlackBerry Desktop Software. **Early Termination Fee:** None if cancelled in the first 30 days, but up to \$35 restocking fee may apply to returns; thereafter up to \$325. Some agents impose additional fees. **Smartphone Data Plan Requirement:** Smartphones require a DataPlus (200MB) or DataPro (2GB) plan. If you exceed your initial data allowance, you will automatically be charged an additional \$10 for each additional 1GB provided on DataPro or an additional \$15 for each additional 200MB provided on DataPlus. All data allowances, including overages, must be used in the billing period in which the allowance is provided or they will be forfeited. An Enterprise DataPro Plan is required for access to corporate email, corporate intranet, and business applications. **For more details on Data Plans, go to att.com/dataplans.** **International:** Special credit and tenure restrictions and additional charges may apply. Calling to and from certain countries may be blocked and change without notice. **International Dialing:** Airtime or roaming charges are in addition to long distance charges. **International Roaming:** Availability, quality of coverage and services while roaming are not guaranteed. See wireless.att.com/global for updated countries, rates, charges and full terms and conditions. Some third party products, services, and software may be needed and require separate purchase or agreement.
