

The LG XENON™ by AT&T is the model of mobile innovation — a sleek, tactile phone with easy access to the latest wireless features. Its large touch screen with vibration feedback and enhanced flash user interface make menus, shortcuts, and contacts available right at your fingertips. With XENON's compact, slideout QWERTY keyboard you can quickly send text messages and emails too. On the other hand, you don't have to lift a finger to make a call thanks to *Bluetooth*® wireless technology and speaker-independent voice commands. In addition to all of this rich functionality, the LG XENON is also richly entertaining! Multitask while listening to your favorite tunes on your music player, use Image Editor and Filter to creatively enhance photos taken with the 2 MP camera, or shoot videos to share with friends during a call. Revolutionize your world with the advanced LG XENON.
