

AT&T U-verse Total Home DVR

Unlike other DVRs, AT&T U-verseSM Total Home DVR lets you playback and schedule recorded programs on any connected TV, and it enables more HD viewing throughout the home.

- Record 4 programs at once
- Set DVR while on the go from a PC or wireless phone
- Store up to 65 hours of HD content or up to 233 hours of SD content
- Schedule and delete recordings from any receiver
- Pause a recorded show, and pick up where you left off in another room
- Playback up to four recorded shows at once
- Watch up to five HD programs at once
