

# AT&T U-verse OnTheGo

## OVERVIEW

AT&T U-verse<sup>SM</sup> OnTheGo allows U-verse customers to view live television using a PC connected to any broadband connection.

The service includes 27 popular channels spanning national news, sports, entertainment and more. In addition, customers will be able to view AT&T U-verse-specific programming, such as movie trailers for Video-on-Demand content and previews of new U-verse features.

AT&T U-verse OnTheGo is provided under an existing agreement between AT&T and MobiTV Inc.

## WIRELESS

In the future, AT&T U-verse OnTheGo will extend to wireless devices, allowing customers to view TV on three screens: the TV, the PC and the wireless device.

## PRICING

AT&T U-verse OnTheGo will be priced at \$10 a month for a PC user.

All new customers will receive a 14-day free trial period.

Customers can order AT&T U-verse OnTheGo online at [www.uverse.att.com/OnTheGo](http://www.uverse.att.com/OnTheGo)
