Record your important information here for easy reference.

With all your key information in one place, it's a snap to manage your account and get support when you need it.

GENERAL INFORMATION	WI-FI GATEWAY INFORMATION
Customer name on account	Manufacturer
Account number	Wi-Fi Network Name (SSID)
Four-digit passcode	Wi-Fi Password (Wireless Network Key)
AT&T Access ID (email address)	Device Access Code
AT&T Access ID password	
<small>AT&T Access ID allows you to manage your account online. You can view and pay your bill, enroll in paperless billing, sign up for AT&T AutoPay, upgrade your account, get updates regarding your service, and much more.</small>	
Voicemail PIN # and authentication code	Tech's ID for promo code (P2R)

We're always here to help:

- Go to the myAT&T app on your mobile device
- Visit att.com/support
- Call 800.288.2020

Please have your 4-digit passcode available when calling.

Resources & Solutions

Get Started

Whether you're on a PC, smartphone, or tablet:

- Configure your email
- Troubleshoot your service and resolve issues
- Set up Wi-Fi
- Bookmark your AT&T "favorites" and more

Go to **uverseactivation.att.com** to take advantage of all that we have to offer.

User guides

- Visit **att.com/userguides** for guides in English
- *Esta práctica guía rápida también está en español en **att.com/uverseguias***

Manage your account

- To manage your account 24/7, download the myAT&T app at **att.com/myattapp**
- To help us keep you informed about important account changes, visit **att.com/myatt** and click Profile to update your email address and contact numbers
- Call **800.288.2020**, and then say "Pay my bill," or "technical support"
- Sign up for paperless billing—conveniently store and retrieve up to 16 months of bills online while reducing your risk of identity theft—by visiting **att.com/paperless**

Troubleshooting and technical support

- For support, including live chat, click **att.com/support**
- For Wi-Fi support visit **att.com/wifisupport**
- For installation, setup, and tech support of your Wi-Fi network, regardless of service provider or manufacturer, contact AT&T ConnectTech® by calling **800.270.5103**

IPv6

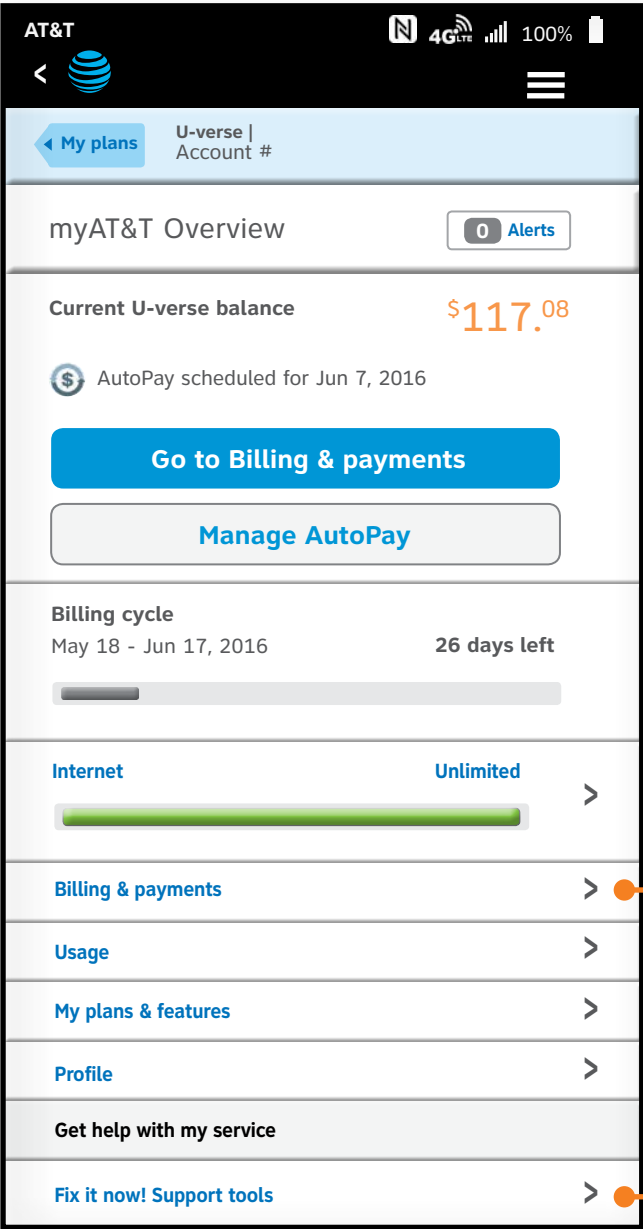

AT&T supports IPv6 across our network, equipment and devices. Visit **att.com/ipv6** for more information.

Accessibility support

- Alternate formats now available in large print or braille. Call **800.288.2020** and request your Internet and Phone User Guide in an alternate format.
- Additional accessibility support:
 - ❖ Telephone equipment for visual and/or hearing impaired:
Phone: 877.902.6350
TTY: 800.772.2889
 - ❖ Repair Center:
Phone: 800.246.8464
TTY: 800.397.3172
- Accessible tagged PDF: Visit **att.com/userguides**
- Device compatibility feature: Compatible with any TTY/TDD devices with standard phone line

Seconds count. Save time with the myAT&T mobile app. You can pay your bill, find your Wi-Fi Network Name and Password, get support 24/7, and more.

Billing & payments:

Easy access to payment options and billing history anytime, virtually anywhere.

Fix it now! Support tools:

Manage your Internet and Phone services. With personalized support you can resolve most issues in seconds.

Get started:

Download the free **myAT&T app** on your mobile device:

- Go to **att.com/myattapp** from your mobile device
- OR
- Text the word "app" to 8758 from your AT&T mobile device

How to log in to your account:

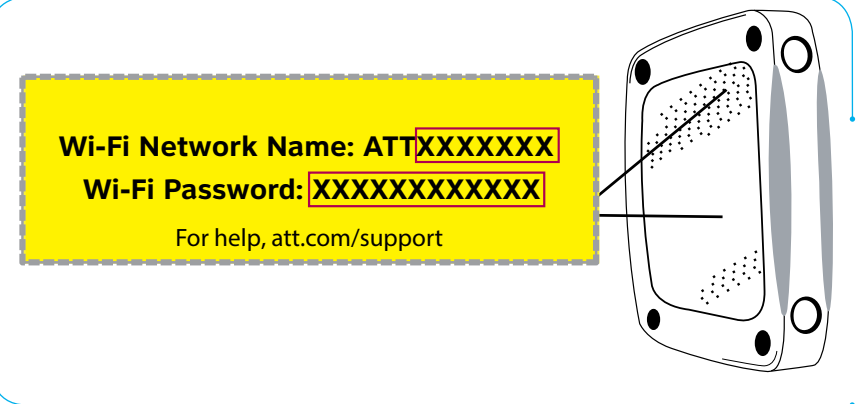

- Log in using your **Member ID** (email address) and password
- If you have linked your account to an AT&T Access ID, you can enter either User ID

Internet

Find your Wi-Fi network name and password

The Wi-Fi Network Name (SSID) and Wi-Fi password (Wireless Network Key) needed to connect your devices to your home network are located on the side of the gateway. The Wi-Fi Network Name begins with “ATT” or “2WIRE” followed by several characters. See illustration below.

To find your Wi-Fi Network Name and password without moving an inch:

- 1 Log in to the myAT&T app with your Member ID and password.
- 2 Select **Fix it now! Support tools**.
- 3 Select **Manage my Wi-Fi**. We'll display the information right there for you!

Go Wi-Fi

- 1 Go to your computer's Wireless Network Settings and refresh the network list.
- 2 Select your Wi-Fi Network Name from the list.
- 3 Enter the Wi-Fi Password in the Password field.

Repeat these steps to configure all of your Wi-Fi enabled computers, notebooks, tablets, and smartphones.

If your computer doesn't have built-in wireless capability:

Install and configure a wireless adapter according to the manufacturer's instructions.

Connect via Ethernet

Connect Ethernet cable to an available yellow Ethernet port on the Wi-Fi Gateway. Then connect other end of cable to the Ethernet port of your computer, notebook, or printer.

Email

For email support, visit att.com/esupport/email.jsp

To access email from your desktop or mobile device:

- 1 Go to **att.net**.
- 2 In the upper-right side of the screen, select the **MAIL** icon.
- 3 Enter your full **Email Address** (including the portion after the @ symbol) and **Password**.

Note: Your email address and password are usually the same as your primary member ID and password.

- 4 Select **Sign In**. To stay signed in, select **keep me signed in**.

PC Maintenance Toolbox App

Quickly scan your PC for performance issues and make enhancements to correct them—at no charge. We suggest periodically scanning to help keep your PC optimized for increased performance. Also, AT&T ConneCTech specialists are available, for a fee, to fix computer and home network issues.

Visit us at <http://splus.att.com/UVHSIVoice>.

Test your Internet connection speed

Our speed test takes less than a minute to perform two key measurements (Download and Upload) to help you determine if you should take steps to improve the performance of your online experience. Visit att.com/speedtest.

Maximize your speed

Visit att.com/tips to learn how to keep your Internet service running at peak speed.

Need to set up Internet-connectable devices, such as a surveillance camera, game console, or other remote access tool? If yes, then go to att.com/portforwarding for easy setup instructions.
