South Carolina Relay 7.1.1

DIAL 7.1.1 is a Telecommunications Relay Service for customers with hearing and speech loss. AT&T South Carolina offers products and services for customers with visual, hearing, speech or physical disabilities. For more information, please refer to the Customer Guide section in your local YP telephone directory, where available, or online at realpageslive.com (select state, city, directory; select Table of Contents; and then click on *Customer Guide*). You can also go to att.com/accessibility for products that make universal access a reality.

The South Carolina Relay helps those who are deaf, hard-of-hearing, or have speech disabilities communicate with family, friends and business contacts by telephone. To learn more about the South Carolina Relay, go to relaysouthcarolina.com.
