

AT&T Digital Life Security & Automation Packages

24/7 security lays a strong foundation for automation solutions that help make customers' lives easier. Customers can build custom solutions based on their needs. All Digital Life packages require a 2 year agreement, early termination fees apply. Packages installed by licensed personnel where required.

Simple Security

\$29.99 per month (plus equipment charges)

Our Simple Security package is remote security for peace of mind on a budget. Simple Security includes door and window sensors that detect attempted intrusion, a keypad for arming/disarming your security system and a keychain remote for on-the-go remote control. Simple Security is not eligible for automation add ons.

Smart Security

\$39.99 per month (plus equipment charges)

Smart Security has everything you need to monitor and access your home's security system from your computer, smartphone or tablet. See the status of your home's security, receive text and video alerts of events at home, arm or disarm your system, and monitor doors, windows and motion sensors. Smart Security takes you beyond home security to home automation with options to add the packages below.

Camera Package \$9.99 per month (plus equipment charges)

See what's happening at your home while you are home or away.

Energy Package \$4.99 per month (plus equipment charges)

Control lighting, thermostats and small appliances for convenience and energy efficiency.

Door Package \$4.99 per month (plus equipment charges)

Help protect your home with our digital door locks and garage door sensors.

Water Detection Package \$4.99 per month (plus equipment charges)

Detect water leaks to help avoid major damage.

Water Control Package \$9.99 per month (plus equipment charges)

Turn off the water remotely when a leak is detected to help prevent floods.
