Seize your moment in the spotlight.

It’s time for your big Reveal! Pantech’s new handset, Reveal, has more to it than meets the eye. Slide up to find the hidden QWERTY keypad and use it to post updates on your social networks, or quickly communicate through IM, text messaging, or email. The keyboards stay active simultaneously to give you fast access to both letters and numbers when messaging. The camera and mobile video recorder capture your life – from profile pics to video blogs. Plus, you can play your soundtrack using the music player and built-in speaker or connect to Mobile Web with 3G speed. With the Pantech Reveal by your side, you’ll never be left in the shadows.
