Bill credits

If you meet all the offer requirements, you'll get monthly bill credits to bring your phone cost down to the listed prices. Your credits start within 3 bills. You'll receive catch-up credits when your credits start. Until then, be sure to pay your bill in full. Otherwise, late fees may apply to any unpaid amount.

- The credit will equal the installment payments you've already paid:
 - For the BOGO 50% off device offer (wireless-only service) – You'll see 1 credit on your bill. The credit amount will add up to half of the maximum bill credit.
 - For the BOGO free device offer (wireless + TV or internet service) – You'll see 2 separate 50% off credits on your bill. These credits will add up to the maximum bill credit. Plus, the 2 credits may start at different times.
- Started getting bill credits and want to cancel your TV or internet service? You'll lose the additional 50% off credit for the TV or internet portion of the offer. So, you'll only get 50% off for the wireless portion of the offer.

Also, if you get a free or discounted smartphone with a down payment, you're still responsible for paying that amount. You'll get the down payment back as part of the monthly bill credit. It'll be applied in equal amounts over the term of the installment agreement.

Heads up: If you voluntarily suspend your service, we'll pause your credits until you activate the line again.
