

## Set Up Your Replacement Remote Control

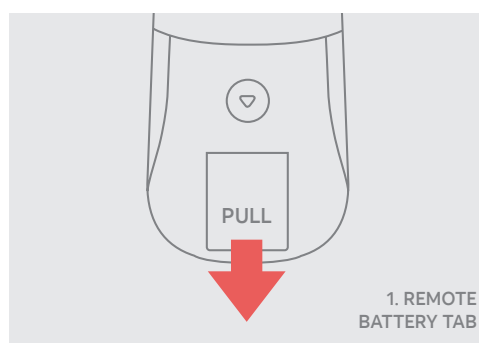

You're getting the best entertainment can offer, so we've made setup easy to keep you from missing a thing.

Here's how to set up your replacement remote control:

### 1. GET STARTED

- > Pull the plastic battery tab to engage batteries.
- > Turn on your AT&T TV device and TV.

### 2. PAIR

- > Point the replacement remote control at the AT&T TV device. (It needs to have line of sight.)
- > Press and hold the **FF** and **RWD** buttons at the same time for at least 3 seconds to start the pairing process.

### 3. SET UP

- > Follow the on-screen guide.
