

CALIFORNIA PROPOSITION 65 WARNINGS-BUSINESS PRODUCTS

Products installed may include products with required warnings under California Proposition 65 (“Prop 65”) as determined by the manufacturer. Prop 65 requires warnings for products that can expose individuals in California to chemicals known to the State of California to cause cancer or birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov. If a warning applies, the manufacturer typically places it on the installed product itself or the product packaging. You can also look on your installed products to identify the model or part number and then refer to the chart below to determine if a warning applies.

AT&T Service	Manufacturer	Product Description Product Identification Number	P65 Warnings
AT&T Internet of Things	XIRGO Technologies	<p><u>Asset Management Tracking Devices</u> (All Configurations)</p> <p>XT-2060G (3G Asset Tracker) XT-3182 (IoT Gateway with Volumetric Sensing) XT-4769 (LTE Cat M1 Asset Tracker) XT-4779 (LTE Cat M1 Asset Tracker) XT-4964A (LTE Cat 1 Global Asset Tracker) XT-4970D (LTE-3G Asset Tracker) XT-4971A (LTE-3G Asset Tracker) XT-4975A (LTE-3G Asset Tracker) XT-6264 (LTE RCD 3.0 Asset Tracker) XT-6360G (3G Asset Tracker)</p>	<p> WARNING: This product can expose you to chemicals including Nickel, which is known to the State of California to cause cancer, and Bisphenol A (BPA), which is known to the State of California to cause birth defects or other reproductive harm.
