# AT&T Secure Family™
Time Limits

**The following steps apply to all Secure Family customers**

Add Time Limits

Once your child's device is paired with the AT&T Secure Family Companion app, you can set a schedule to limit your child's internet access. Choose from the default Time Limits available (School hours or Night hours) or tap "Add a time limit" to create a new customized time limit

Step 1 – Select a child device. Then scroll down on dashboard screen. Tap on Time Limits

Step 2 – Tap on default time limit to edit, OR tap on Add a Time Limit to create a new customize time limit

Step 3 – Select desired days and time frame. Then tap Save
