

Electronic Communications Consent

The following terms and conditions govern communications in connection with your AT&T U-verse® service. By clicking the "I AGREE" button, you are confirming that you have agreed to the terms and conditions as set forth in this Consent document (the "Consent") and that you have viewed, downloaded from our website or printed a copy of this document and the U-verse Legal Guide and this document for your records. If you have elected to subscribe to U-verse video service, the AT&T U-verse Legal Guide is also available via the TV Help Menu.

Any disclosure, notice, record, communication or other type of information that is provided to you in connection with your agreement with AT&T for the provision of U-verse services, including any change-in-terms notices, fee and transaction information, statements, state mandated brochures and disclosures, and any other related information ("Communications"), may be provided to you electronically by sending it to you by e-mail and/or via text to the "can be reached number" you have provided to AT&T. By electronically signing this Consent by clicking the "I Agree" button, you are confirming you agree to receive Communications electronically as set forth above, and that you are able to access and print or store information presented at our website.

AT&T will not be obligated to provide any Communications to you in paper form unless you specifically request us to do so. You may obtain a paper copy of any Communication by contacting us at 1.800.288.2020. There are no fees associated with requesting a paper copy. You may withdraw your consent to receive electronic communications by contacting us at 1.800.288.2020. Within approximately 7 days thereafter we will begin sending Communications to you in paper.

By electronically signing this Consent by clicking the "I AGREE" button you are confirming that you agree that it is your ongoing responsibility to provide us with an accurate, current, and complete e-mail address by contacting us at 1.800.288.2020. If any electronic Communications sent to you are returned as undeliverable, we may attempt to contact you by telephone or otherwise, but all communications are deemed delivered and received upon sending.

In order to receive Communications electronically, you will need a working connection to the Internet. You will also need either a printer connected to your computer to print disclosures/notices or sufficient hard drive space available to save the information (e.g., 1 megabyte or more). By electronically signing this Consent by clicking the "I Agree" button, you are confirming that your system meets these requirements.

Your consent does not mean that AT&T must provide all Communications electronically. AT&T may, at its option, deliver Communications to you in paper form. AT&T may also require that communications from you be delivered to AT&T on paper at a specified address. AT&T reserves the right, at our discretion, to discontinue the provision of electronic Communications. We will provide you with notice of any such termination or change as required by law.
