If you're a current customer with an Unlimited Plan for data, you can keep your existing data plan. This applies if you are upgrading your device to another smartphone or extending your contract. If you choose to move to a new, lower-priced plan, you cannot go back to the Unlimited Plan. All new activations or smartphone upgrades must choose a current plan.

In addition to the monthly cost of the rate plan and any selected features, AT&T imposes the following charges: a Regulatory Cost Recovery Fee of up to \$1.25 to help defray its cost incurred in complying with obligations and charges imposed by state and federal telecom regulations, a gross receipts surcharge, and State and Federal Universal Service Charges. These fees are not taxes or government-required charges. Taxes and other fees also apply. Devices and pricing offers are subject to change. All AT&T Accessibility plans are for use in the U.S.
